

Aim & Scope

The purpose of this workshop is to bring together mathematicians from Japan, Korea and Taiwan whose research focuses on Harmonic analysis and its applications to share their new insights on some active research topics in analysis. It is also expected to stimulate more interactions and collaborations between the participants.

Workshop on Harmonic Analysis

Date: 2019/03/10 – 2019/03/14

Venue: R202, Astro-Math Bldg., NTU

Invited Speakers

Jayson Cunanan

Joonil Kim

Ming-Yi Lee

Sanghyuk Lee

Chin-Chen Lin

Akihiko Miyachi

Bae Jun Park

Hiroki Saito

Hitoshi Tanaka

Naohito Tomita

Saitama University

Yonsei University

National Central University

Seoul National University

National Central University

Tokyo Women Christian University

Korea Institute for Advanced Study

Nihon University Tokyo

Tsukuba University of Technology

Osaka University

Organizers

Chun-Yen Shen

National Taiwan University
