

# International Conference on **Biomathematics and Biostatistics**

## **Date:**

October **24-25, 2019**

## **Venue:**

HC 307, Shou-Chlien Int. Conf. Center,  
Tamkang University

## **Aim & Scope:**

This workshop is to bring together international leading experts on mathematical biology in both theoretical and statistical aspects to exchange ideas, develop collaborations and introduce new methods to the audience. One of the main purposes is to open a platform to build a bridge for researchers in both areas.

## **Invited Speakers:**

Narayanaswamy Balakrishnan  
Anne Chao  
Chiun-Chuan Chen  
Chun-Shu Chen  
Arnaud Ducrot  
Wen-Han Hwang  
Hideo Ikeda  
Masayasu Mimura  
Lionel Roques  
Masahiko Shimojo  
Feng-Bin Wang  
Chang-Hong Wu  
Hsin-Chou Yang

McMaster University  
National Tsing Hua University  
National Taiwan University  
National Central University  
Universite Le Havre Normandie  
National Chung Hsing University  
Toyama University  
Hiroshima University  
INRA  
Okayama University of Science  
Chang Gung University  
National Chiao Tung University  
Academia Sinica

## **Organizers:**

Jong-Shenq Guo  
Chien-Tai Lin  
Ting-Hui Yang

Tamkang University  
Tamkang University  
Tamkang University

## **Sponsors:**

Math Soc. of R.O.C. (Taiwan)

NCTS
