

2023 NCTS Optimization Workshop

Date: May 17, 2023

Venue: M212, Department of Mathematics, NTNU

Aim & Scope

This workshop aims to provide a forum for researchers in optimization community of Taiwan to communicate with a few international scholars regarding their recent research on optimization theory, algorithms, or applications. Various aspects and areas of optimization with application will be presented by invited speakers from Australia, Japan and Korea.

Invited Speaker

Jan Harold Alcantara (RIKEN)

Adil Bagirov (Federation University)

Yoon Mo Jung (Sungkyunkwan University)

Pierre-Louis Poirion (RIKEN)

Yeongjong Shin (KAIST)

Organizer

Jein-Shan Chen (National Taiwan Normal University)

Sponsor

國家理論科學研究中心數學中心

National Center for Theoretical Sciences, Mathematics Division

國立臺灣師範大學理學院

College of Science, National Taiwan Normal University

國立臺灣師範大學數學系

Department of Mathematics, National Taiwan Normal University
