

# 2023 NCTS Workshop on Recent Advances of Interdisciplinary Studies

Date | April 20-21, 2023

Venue | R515, Cosmology Bldg., NTU

## Aim & Scope

The 2023 NCTS Workshop on recent advances of interdisciplinary studies will be held at National Center for Theoretical Sciences, National Taiwan University, April 20-21, 2023.

This workshop aims to survey the latest topics related to interdisciplinary collaborations between mathematics and sciences. Especially, we focus on projects of systems biology, systems pharmacology, epidemic disease models, ion channel, biophysics, fluid Dynamics, etc. We also expect this workshop can provide an excellent opportunity for young researchers to interact with speakers and exchange their ideas and experiences in this direction.
