

2023 NCTS 南區科學計算、微分方程與應用研討會 South Taiwan Workshop on Scientific Computing, Differential Equations and Applications

Date 2023/07/21-22 Venue Room 201, Math Building,
National Chung Cheng University

Aim & Scope

The "2023 NCTS South Taiwan Workshop on Scientific Computing, Differential Equations and Applications" will take place on 21-22 July 2023 at National Chung Cheng University. This workshop includes a 75-minute, eight 45-minute, and a 30-minute presentations. This workshop has been held since 2010. The aim of this annual workshop is to bring together active researchers in south Taiwan from various fields of scientific computation and differential equations, to discuss recent and prospective advances in research.

Plenary Speaker

Jann-Long Chern National Taiwan Normal University

Invited Speakers

Meng-Huo Chen National Chung Cheng University
Chun-Yueh Chiang National Formosa University
Jia-Yuan Dai National Chung Hsing University
Ying-Chieh Lin National University of Kaohsiung
Yu-Yu Liu National Cheng Kung University
Bing-Ze Lu National Cheng Kung University
Yu-Hau Tseng National University of Kaohsiung
Chi-Jen Wang National Chung Cheng University
Chang-Yi Weng National Chiayi University

Organizers

Meng-Huo Chen National Chung Cheng University
Chi-Jen Wang National Chung Cheng University
