

NCTS One-day Combinatorics Workshop

Date

2023.7.27

Venue

R505, Cosmology Bldg., NTU

Aim & Scope

We like to use the opportunity of Prof. Chun-Hung Liu's (TAMU) visit of Taiwan this summer and have a get-together for people in Taiwan who work in graph theory and combinatorics. In this event participants present their recent works and communicate their research ideas and problems. We expect that this activity will bring some momentum to the combinatorics community of Taiwan.

Invited Speakers

Ting-Wei Chao	Carnegie Mellon University
Shagnik Das	National Taiwan University
Yen-chi Roger Lin	National Taiwan Normal University
Chun-Hung Liu	Texas A&M University
Shen-Fu Tsai	National Central University
Hung-Hsun Yu	Princeton University
Wei-Hsuan Yu	National Central University

Organizer

Wei-Hsuan Yu National Central University
